All pupils/students who attend our schools have a statement of SEN. Admissions to both Trust schools are arranged in partnership with the Local Authority. If you wish to find out more about either school because your child is undergoing a statutory assessment but does not yet have a statement of SEN, please ensure you seek advice from the SEN department at County Hall prior to arranging a visit. Alternatively, if your child already has a statement of SEN, but is currently on the roll of a mainstream school, please also seek advice from the SEN department at County Hall prior to arranging a visit.

You can get more information on SEN and admissions from the SEN team at: senteam@eastsussex.gov.uk or information for families@estsussex.gov.uk
